

Intagrations start

Required data to start work

Before starting work you need to contact our technical engineer by following the link <https://payka.sma.com/>

1.

To start work, customize integration with the help of technical support by any way you like.
2.

Provide the URLs which, if necessary, the postback for depositing and the [postback](#) for withdrawal will be sent to.
3.

When integrated via [Payment window \(Plugin\)](#), provide URLs for successful and unsuccessful payment.
